

NORTH HOCKEY ASSOCIATION

Regional Technical Officiating Leader

Tony Cobb has been appointed as the North Regional technical Officiating Officer. The role and its responsibilities are as described below:

Purpose & Responsibility

To enable hockey to better recruit, train and reward more technical officials.

To oversee and lead all technical officiating development activity. This responsibility includes outdoor and indoor hockey.

Reporting & Support

Reports to their North Hockey Association Management Committee.

The England Hockey Technical Officiating Development Group (TODG) will provide all necessary support and training resources

Role

To provide leadership by:

- Acting as the focal point between the TODG and the region for all matters concerning the recruitment, training and appointment of regional technical officials.
- Developing and maintaining a list of technical officials in the region with appropriate grades, e.g. Tournament Director, Technical Officer, Match Officials.
- Organise training and assessment opportunities within the regions for new and existing technical officials i.e. with suitably experienced assessors / trainers at local tournaments or matches.
- Making recommendations to TODG of regionally listed technical officials who have the necessary skills to be promoted to the national register and therefore become eligible for national programme appointments.
- Assisting TODG by organising local venues / resources for any local meeting or training opportunity offered by England Hockey.
