

NORTH HOCKEY WOMENS LEAGUE

It is proposed that the women's clubs move to putting their match results directly on to Fixtures Live as the men's clubs do. You could still send them to the division coordinators as well.

There will be a cost to this of £50 + VAT per division per season. In the first season the NHWL will cover those costs. The results will need to be texted in within 60 minutes of the end of the game.

I will ask for a show of hands at the meeting from clubs present and will accept an email response, in advance of the meeting from any clubs that may not be able to come to the meeting.

Anne Bryant
